Summary

Full Stack Web Developer with a background in FireFighting and Communications. Experience working in team environments, teachable, hardworking, and enjoys learning new things. Started working towards a BA in Criminal Justice at age 16, graduating at age 21 having achieved the Arnold Fletcher Award. Recently, graduated from University of Washington with a Certificate in Full-Stack Web Development in March 2021 with the desire to continue learning.

Technical Skills

Languages: ReactJS, JavaScript, CSS, HTML, MongoDB, MySQL
Applications: PostMan, MySQL Workbench, Robo 3T, Visual Studio Code
Tools: Node.js, Express, JQuery

Projects

GitOutside! | https://github.com/bh007183/e-store | https://bjh-hop-estore.herokuapp.com
Summary: An e-store for outdoor gear with a pleasant design. This site is straightforward, user friendly, and mobile responsive.
Role: Personal responsibilities included back-end and front-end/design.
Languages: ReactJS, CSS, and JavaScript.
Tools: MySQL via Sequelize, Cors, Paypal, Express, and Local Storage.

TurnTheTables|https://github.com/tmkeller/eightysixed-app | https://peaceful-gorge-36427.herokuapp.com/
Summary: An online platform where businesses can leave reviews for their customers. Businesses can create profiles and write reviews while a customer can sign in and claim their account created by the business.
Role: Personal responsibilities included front-end/design and a bit of backend.
Languages: Handlebars.js, CSS, HTML, and JavaScript.
Tools: MySQL via Sequelize, Bcrypt, Dotenv, and Express-sessions.

ShakeNDate|https://github.com/bh007183/shake-and-date | https://bh007183.github.io/shake-and-date/
Summary: Feeling random? This app was designed for those who do not know what to do for date night. You can randomly create a date by randomly selecting a movie as well as a place to eat.
Role: Personal responsibilities included working with the APIs as well as working with the logic involved.
Languages: CSS, HTML, and JavaScript via JQuery.
Tools: MovieDB API, Zomato API.

Experience

Lake Wenatchee Fire and Rescue   Type: Employee/Seasonal   Plain, WA. 2020
Wildland FireFighter as well as First Responder, helped achieve a safer community through safe brush removal to protect the community against fire and air pollution. Also assisted the community by responding to 911 calls, both fire and medical as well as installing smoke detectors upon request in individuals homes.
Key Accomplishments:
  ● Educated and assisted the Community
  ● Furthered homeowner's safety via safe brush removal

NMS Security   Type: Employee/Seasonal   North Slope, AK. 2020
Security Night Dispatcher. Achieved a safer work environment for multiple companies by tracking resources as they traveled, and being available to relay emergency information through the night.
Key Accomplishments:
  ● Attained certification as an Emergency Trauma Technician

Idaho Department of Lands   Type: Employee/Seasonal   Hayden, ID. 2019
Initial Attack Dispatcher. Assisted the state of Idaho through monitoring the radio and the phones, logging communications, tracking resources, notifying duty officers of incidents, toning out engines or a helicopter, to wildfires as well as creating resource orders.
Key Accomplishments:
  ● Earned certification as an Expanded Dispatch Recorder

Education

Web Development Certificate: University of Washington, Seattle, WA
A 12-week, Full-Time, intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS. Project 2 team won best Presentation Award.
BA in Criminal Justice: Thomas Edison State College, Trenton, New Jersey. **Received the Arnold Fletcher Award**.
